

Don't Think

I am a lone star
a lone start fighting
I am a lone star
a lone start fighting

I fight for us and for peace to hold
for peace to hold

I hold a light heart rejoicing
I hold a light heart rejoicing
for the fight we won we won
we won and the peace we hold
we won we hold we won we hold

fear equals thinking plus time
we can't waste
fear equals thinking plus time
we don't have

thought battles civil wars
love the formula
